Improving the Developer Experience of Dockerfiles - Study

General Instructions

Before proceeding, please fill the first two sections of the form linked below. Please open this link on **your** machine i.e. do not use the remote machine's web browser to fill the questionnaire. Once you reach the "Task 1 Experience" section, minimize the questionnaire and continue to read this document.

https://forms.gle/QL4JZGSy5aM2oadL9

In this experiment you will perform 3 tasks. In each task you must edit a Dockerfile using Visual Studio Code.
